1. WELCOME

The French Swimming Federation is proud to organise the first International Diving Meeting in the Olympic Pool.

It's going to be the first of all for this new Aquatics Center. A nice way to be inaugurated, with its very first competition. And then welcoming the Olympic Games with the aquatic events of artistic swimming, diving and the qualifying phases of water polo behind.

As we could not organise a World Diving Cup, we decided to at least organise a meeting so that the best divers could test the venue, and have the chance to discover the diving field before the Olympics.

The Organizing Committee will strive to ensure that this event is held to an excellent standard of quality even though the access is limited. I am confident that the participating athletes will showcase the allure and potential of high performances.

Myself, the organising committee, and all the individuals involved in diving sports in France eagerly anticipate welcoming all the participants.

I wish you a remarkable experience in this competition and a delightful stay in FRANCE.

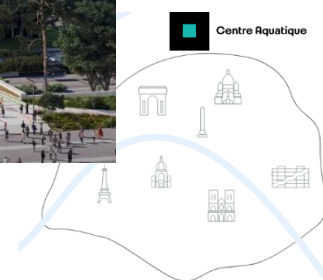

Gilles SEZIONALE

French Swimming President

2. COMPETITION VENUE

The French Swimming Federation is very excited to organise the first diving competition in the new Olympic Aquatics Center where the Olympic Games will take place.

The following information has been prepared to assist your National and your Athletes to be the most prepared for this event.

Centre Aquatique Olympique

7 th May 2024	OFFICIAL TRAINING
7 th May 2024	TEAM LEADERS MEETING (In the Morning)
08 th to 10 th May 2024	COMPETITION

7. RULES & FORMAT

There are a maximum of 16 quota places (eight for each gender) available to each national federation and **a maximum of two athletes per individual event and one synchronised team (two athletes) per synchronised event.**

If an athlete is entered as both a team member in synchronised diving and as an individual competitor in the event of the same board height, the athlete will be counted as a single quota place.

All quota places will be allocated to national federations. 136 athletes max (model based on the Olympic qualifying system).

If all the quota places obtained by the countries at the end of the World Championships in Doha are not used, the FFN reserves the right to redistribute them within the limit of the 136 possible athletes.

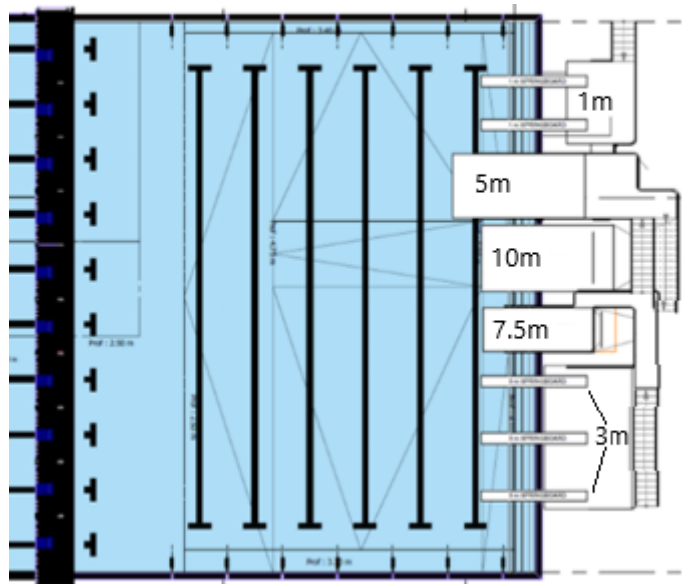

All events will be conducted according to the latest World Aquatics Competition Regulations except that events will be run as direct finals.

World Aquatics Competition Regulations can be found [here](#).
