

## **World Aquatics Championships – Singapore 2025 High Diving Qualification Update**

Following the recent cancellation of the World Aquatics High Diving World Cup – Brasilia 2024, there have been important updates to the qualification process for the World Aquatics Championships – Singapore 2025.

### **Qualification**

The World Aquatics Championships – Singapore 2025 will be open to all athletes who were approved via the Global Management System (GMS) to participate in the World Aquatics High Diving World Cup – Bahrain 2024 and/or the World Aquatics High Diving World Cup – Brasilia 2024, prior to its cancellation.

### **Eligibility Criteria**

- **Approved Athletes:** Athletes who were formally approved on the GMS to compete in either or both aforementioned World Cup events will be eligible for qualification.
- **Maximum Athlete Representation:** Each Federation may enter a maximum of three (3) athletes per gender.

This approach ensures that athletes who were originally approved to compete in the cancelled World Cup event are still eligible to participate in the World Aquatics Championships – Singapore 2025.

Additionally, World Aquatics reserves the right to extend wild card invitations to athletes for the Singapore 2025 Championships. Any decisions regarding wild cards will be made and communicated in due course.

### **Format**

The competition format for the World Aquatics Championships – Singapore 2025 will differ slightly from previous years, with a 4-day competition schedule and one less training day compared to the typical 3-day training and 3-day competition structure. Warm up periods and training sessions will be built in the programme to give as many opportunities as possible for all.
